

2024 SEASON IBIZA CHARTERS

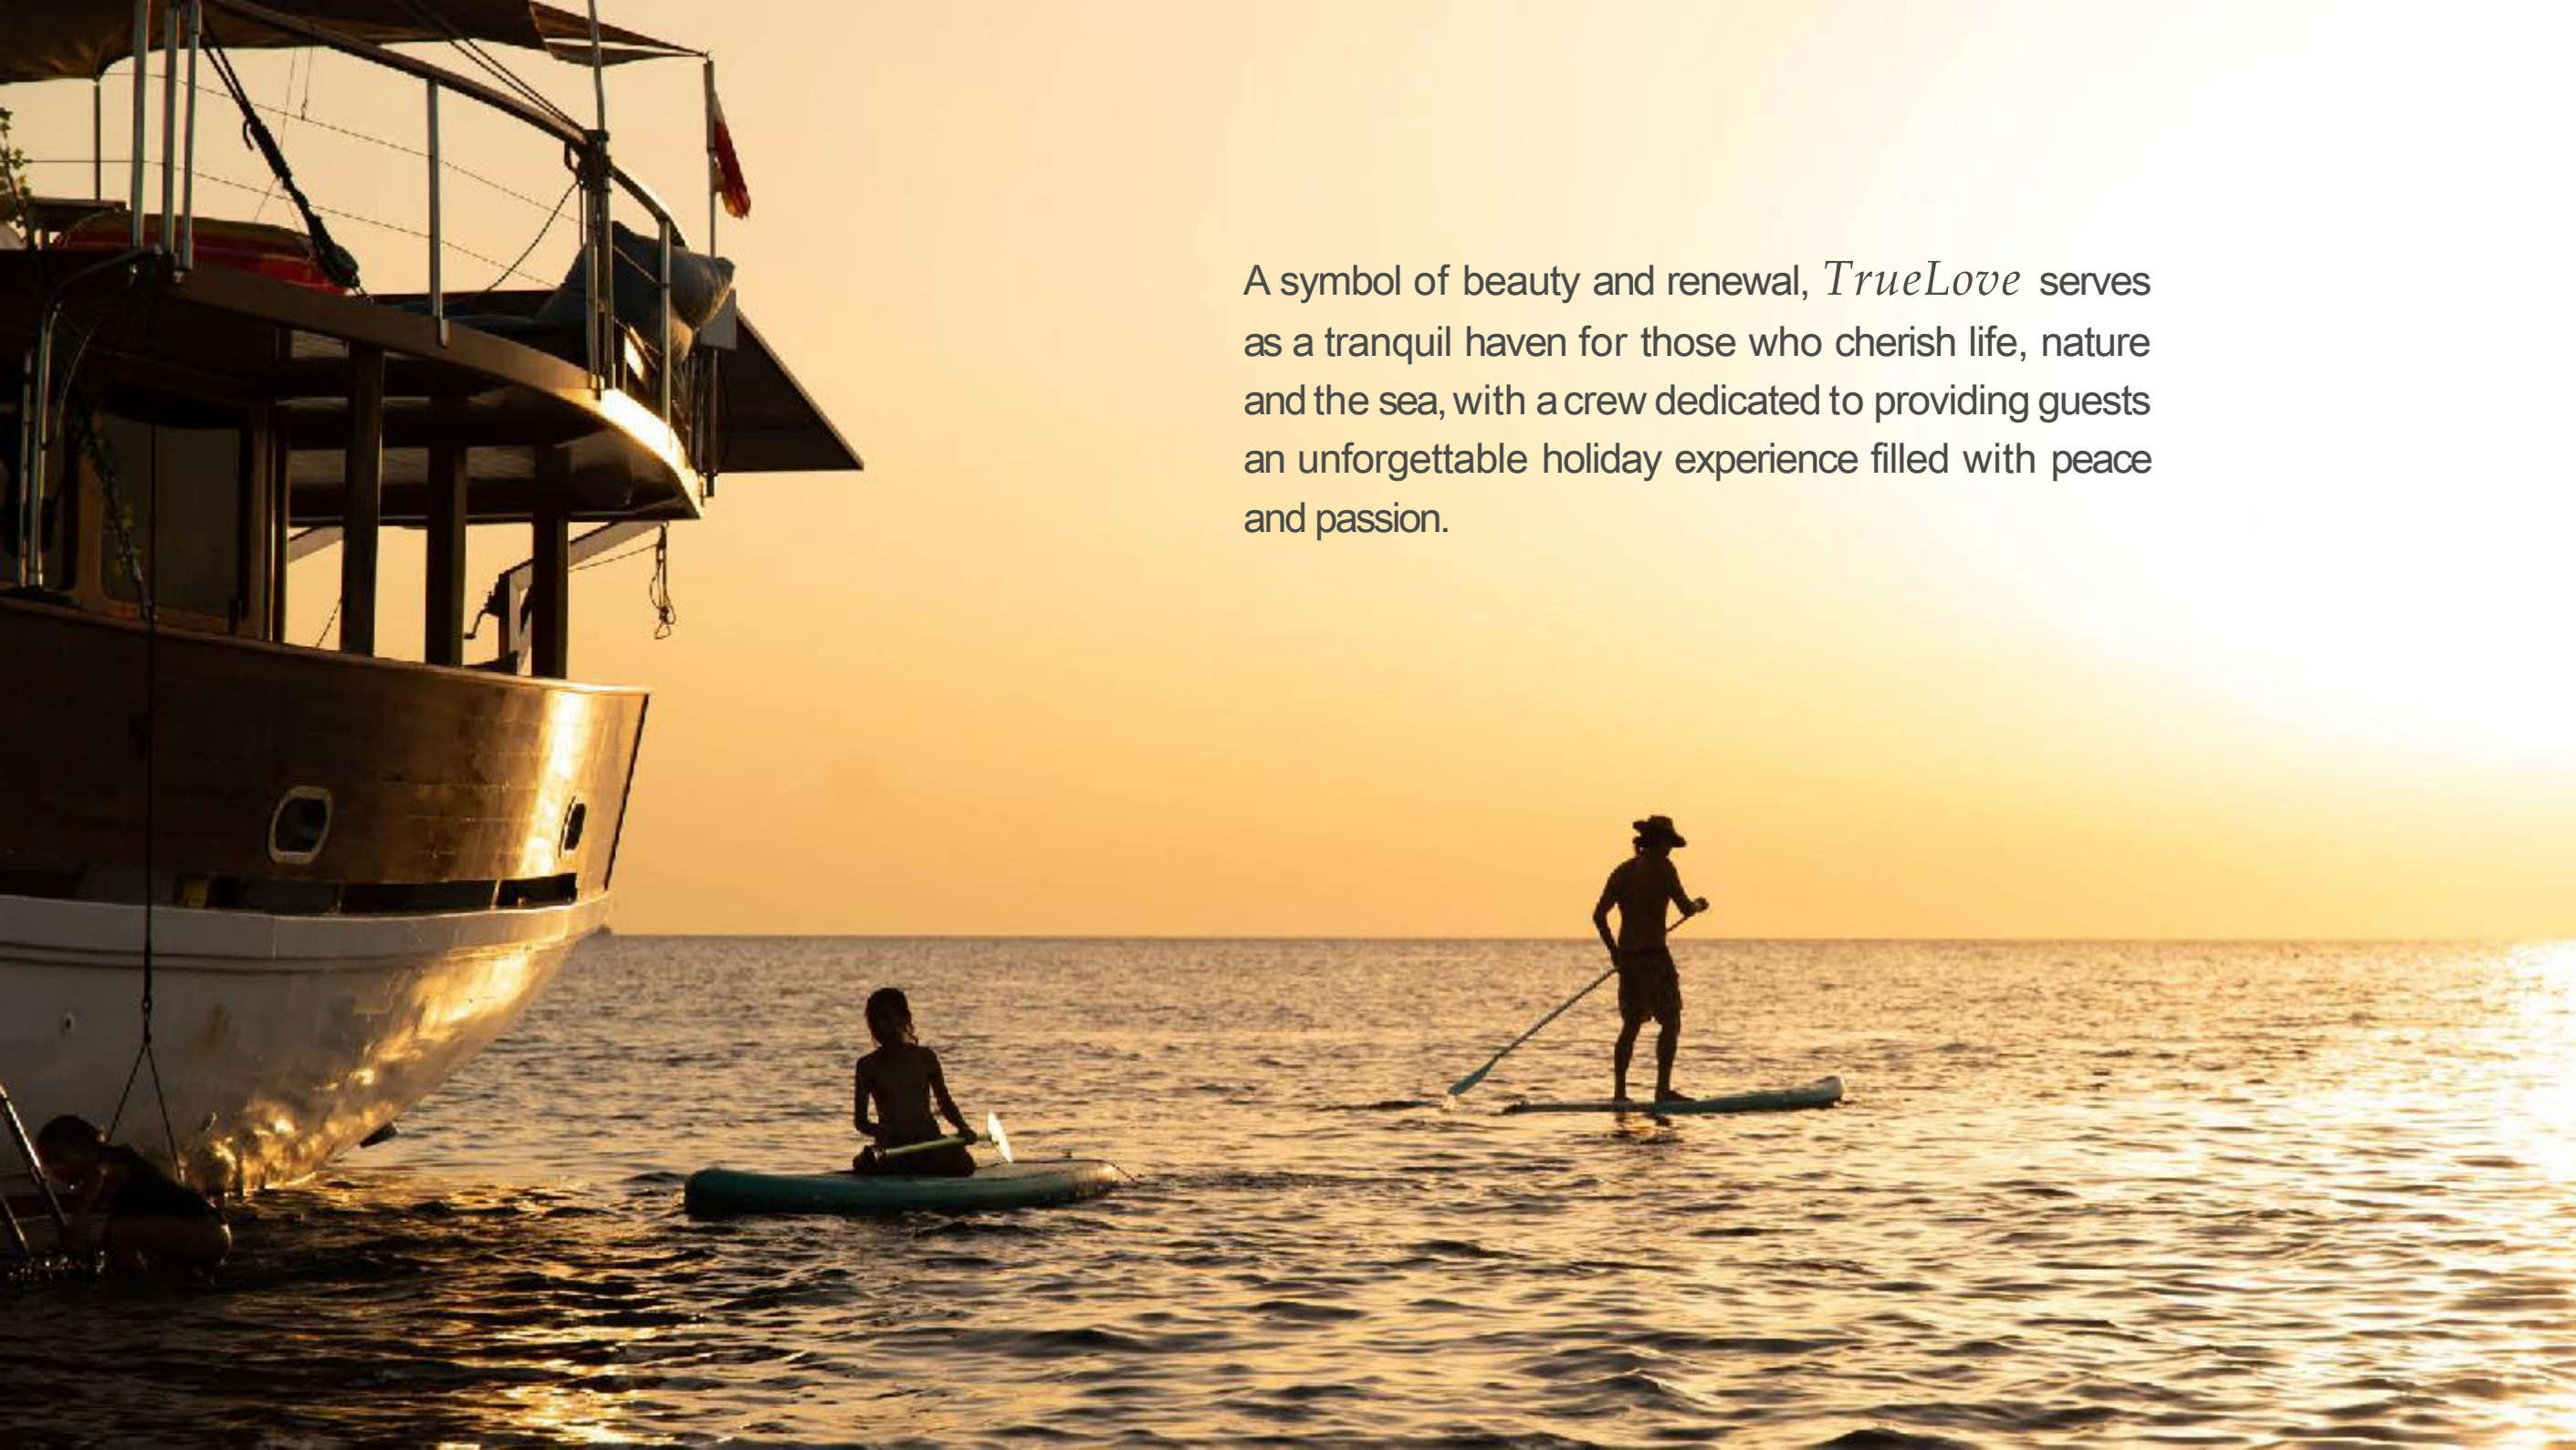

TRUELOVE

*“Nothing has ever been made with so much love
– for Love – out of an instrument of war.”*

Explore the magnificence of the Balearic Islands and Western Mediterranean with *TrueLove*, an exceptional 24m/77ft classic wooden sailing yacht steeped in history and exquisitely restored to provide the ultimate boating experience.

A symbol of beauty and renewal, *TrueLove* serves as a tranquil haven for those who cherish life, nature and the sea, with a crew dedicated to providing guests an unforgettable holiday experience filled with peace and passion.

HISTORY

Once a remarkable class of warship, *TrueLove* (originally named Baracuda) was one of 400 boats built during WWII by the Ernst Burmester Shipyard. Under British control until 1947, this Gaff Ketch Motor Sailer served as a minesweeper and submarine hunter that was often equipped with various armaments such as depth chargers, cannons, machine guns or mine sweeping gear.

Functioning as a harbour patrol and service vessel from the close of war and until her retirement in 1990, *TrueLove* underwent a meticulous renovation after being purchased by Norman Cook (aka Fatboy Slim) and TV presenter Zoe Ball in 2017 and since 2019 has been made available for private charter under the ownership and care of London based global fine arts operator House of the Nobleman.

ACCOMMODATION & AMENITIES

Almost entirely rebuilt using the finest craftsman and materials, *TrueLove* now serves as a safe and stylish home away from home for vacationing friends and family or as the perfect sailing venue for small events.

With 60sqm of ample deck space for entertaining alongside tastefully finished interiors and added modern amenities, the boat comfortably accommodates up to twelve guests for day tours or eight overnight guests staying between four cozy en-suite sleeping cabins. Numbers can vary for an intimate private or corporate special event.

An MCA Category 2 vessel, *TrueLove* can also function as a racing mothership or as a tender for yachts with limited crew accommodation.

Step aboard *TrueLove* and immerse yourself in a world of timeless elegance and classic comfort with her expertly restored interiors (crafted from rich teak, mahogany, pine and beech), luxuriously appointed soft furnishings and handselected vintage accents.

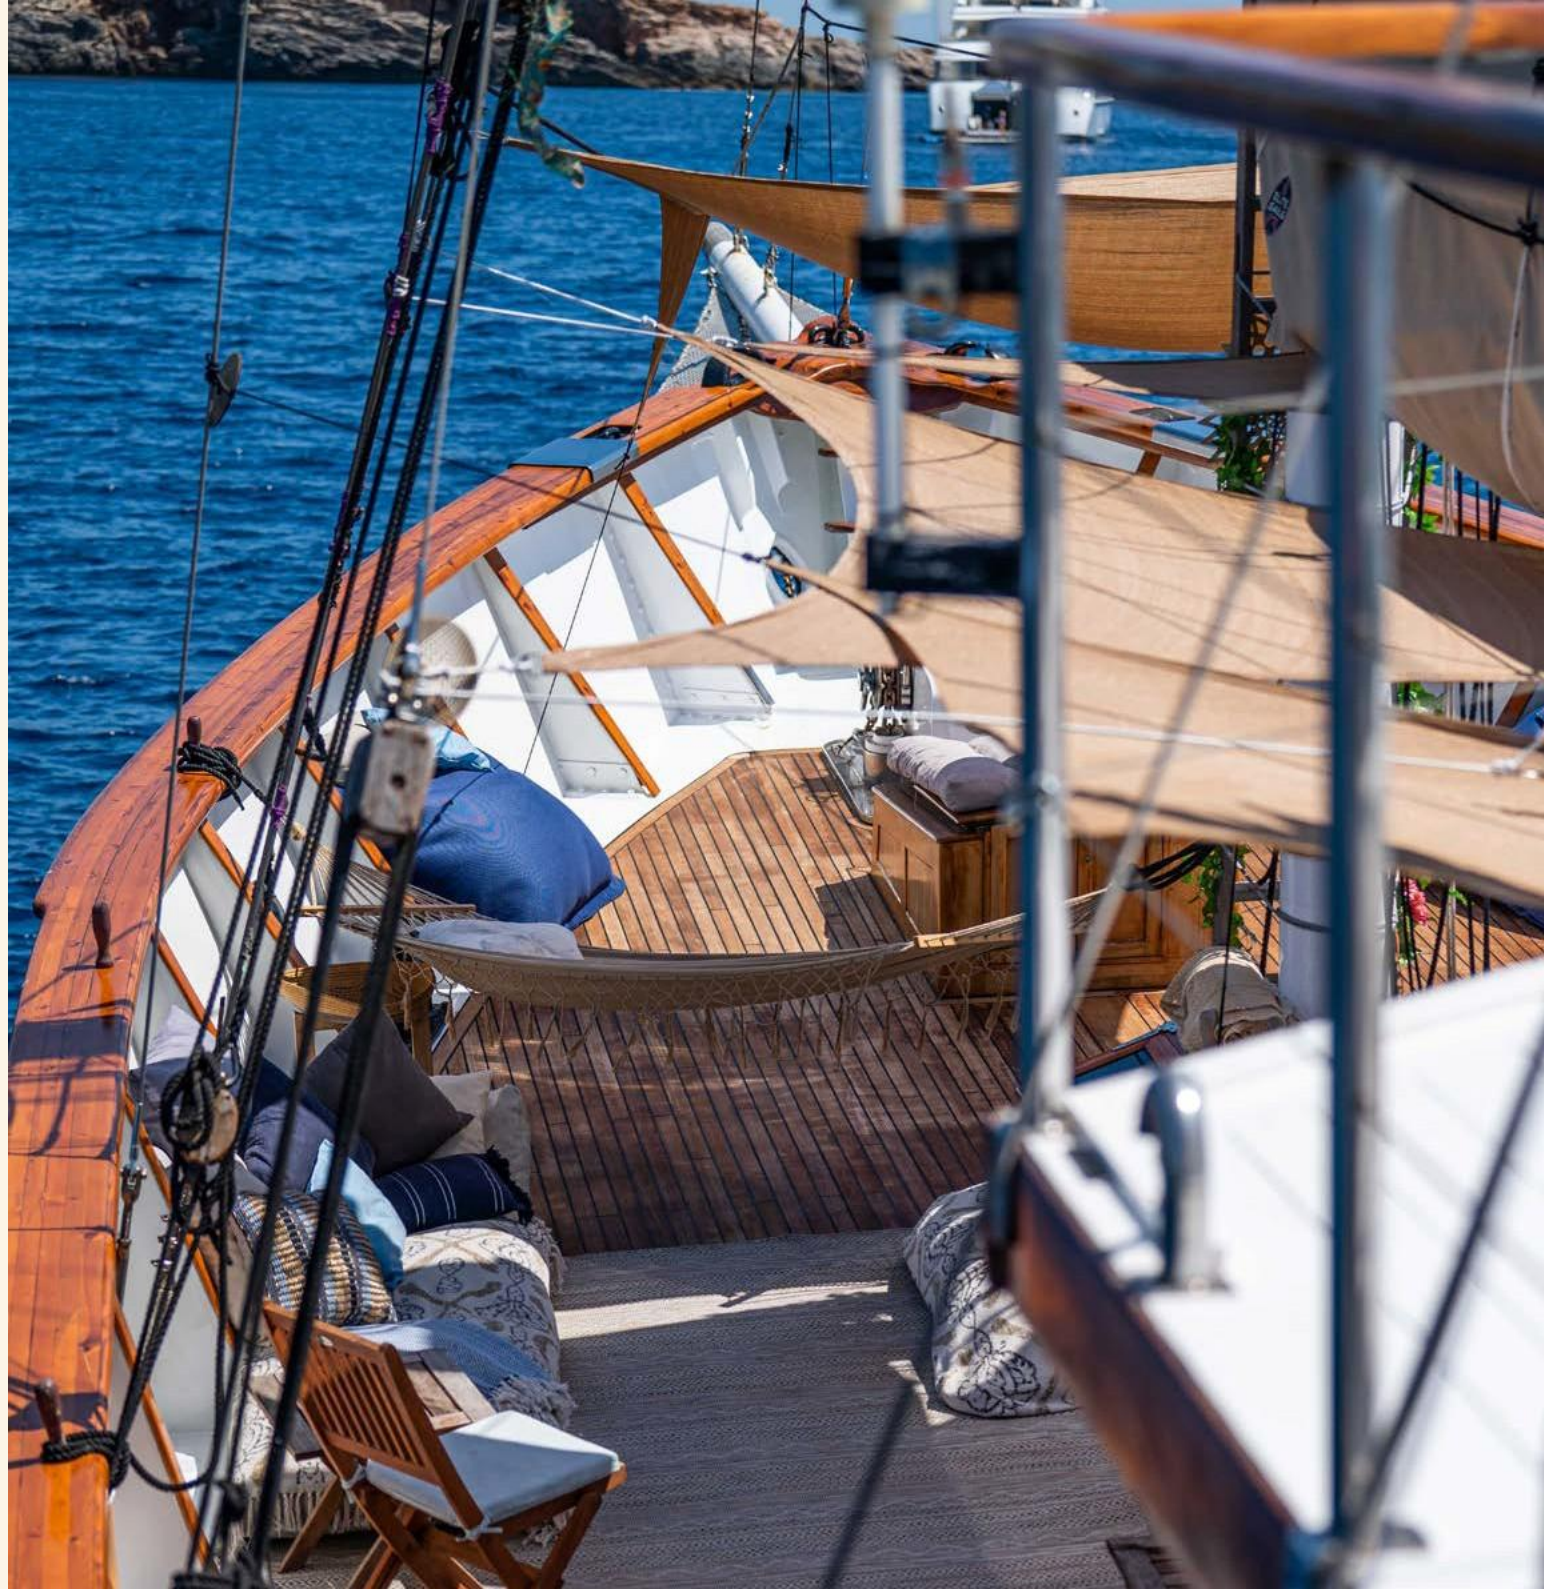

The interior helm on the upper deck - with its 360 degree view and traditional padded bench-style seating and dining area - is the perfect place to converse and indulge in the culinary delights of your private chef. Serving a range of organic, gourmet cuisine to suit any taste or dietary need, everything is sourced fresh from the island and prepared on-board in her fully equipped kitchen.

Soak up the sun as you breeze along the crystal-clear turquoise waters of the dazzling coastlines. *TrueLove's* upper deck boasts a spacious sun pad and deck chairs for those wishing to enjoy some quiet time as well as a shaded lounge area complete with plush sofa and drinks tables for those who would rather unwind with a freshly made cocktail in hand.

As the day comes to a close, take in the breathtaking views and bask in the warm ambiance of the Mediterranean sunset from her upper salon, the perfect place for entertaining guests while immersing yourself in the sounds of your favourite playlist with our state-of-the-art sound system. Alternatively, dance the night away with some of Ibiza's world class DJs or simply let the open silence of the sea fill your soul, encouraging your spirit to soar and your love for all things to flourish.

Relax and unwind in one of *TrueLove's* surprisingly spacious sleeping cabins, elegantly defined by the curves of her hull. Rocking gently with the rhythms of the sea, you'll quickly find yourself enveloped in a blissful cocoon of comfort and peaceful slumber before being awakened with the majestic rising sun of another unforgettable day.

FORMENTERA DAY TOUR

Embark: Blue Marlin Beach Club, Cala Jondal, Ibiza

Duration: 10 hours

Known as “the last paradise” with sweeping white-sand beaches, rolling dunes and Mediterranean pine trees, Formentera is the smallest of Spain’s Balearic Islands and has carved out its own free-spirited identity and rustic charm. Enjoy some the most beautiful and unspoilt beaches in the world and a coastline dotted with lighthouses or jump off board to wander through its whitewashed villages on a rented scooter or bike. The peace and tranquillity of this Mediterranean jewel is total and the stuff of dreams.

ES VEDRÀ DAY TOUR

Embark: Blue Marlin Beach Club, Cala Jondal, Ibiza

Duration: 10 hours

Enjoy Ibiza's west coastlines as we take you to Es Vedrà, a place shrouded in many myths and legends and accessible only by sea. Floating less than two miles west of Ibiza, the island is a quiet, uninhabited outcrop that most people aren't allowed to step foot in. With its picturesque bays and rocky terrain, you will discover the mystical rock of Es Vedrà. Standing 385 metres above sea level and part of the Cala d'Hort Natural Reserve, this is the perfect spot to enjoy an out-of-this-world sunset.

IBIZA ISLAND MULTI-DAY TOUR

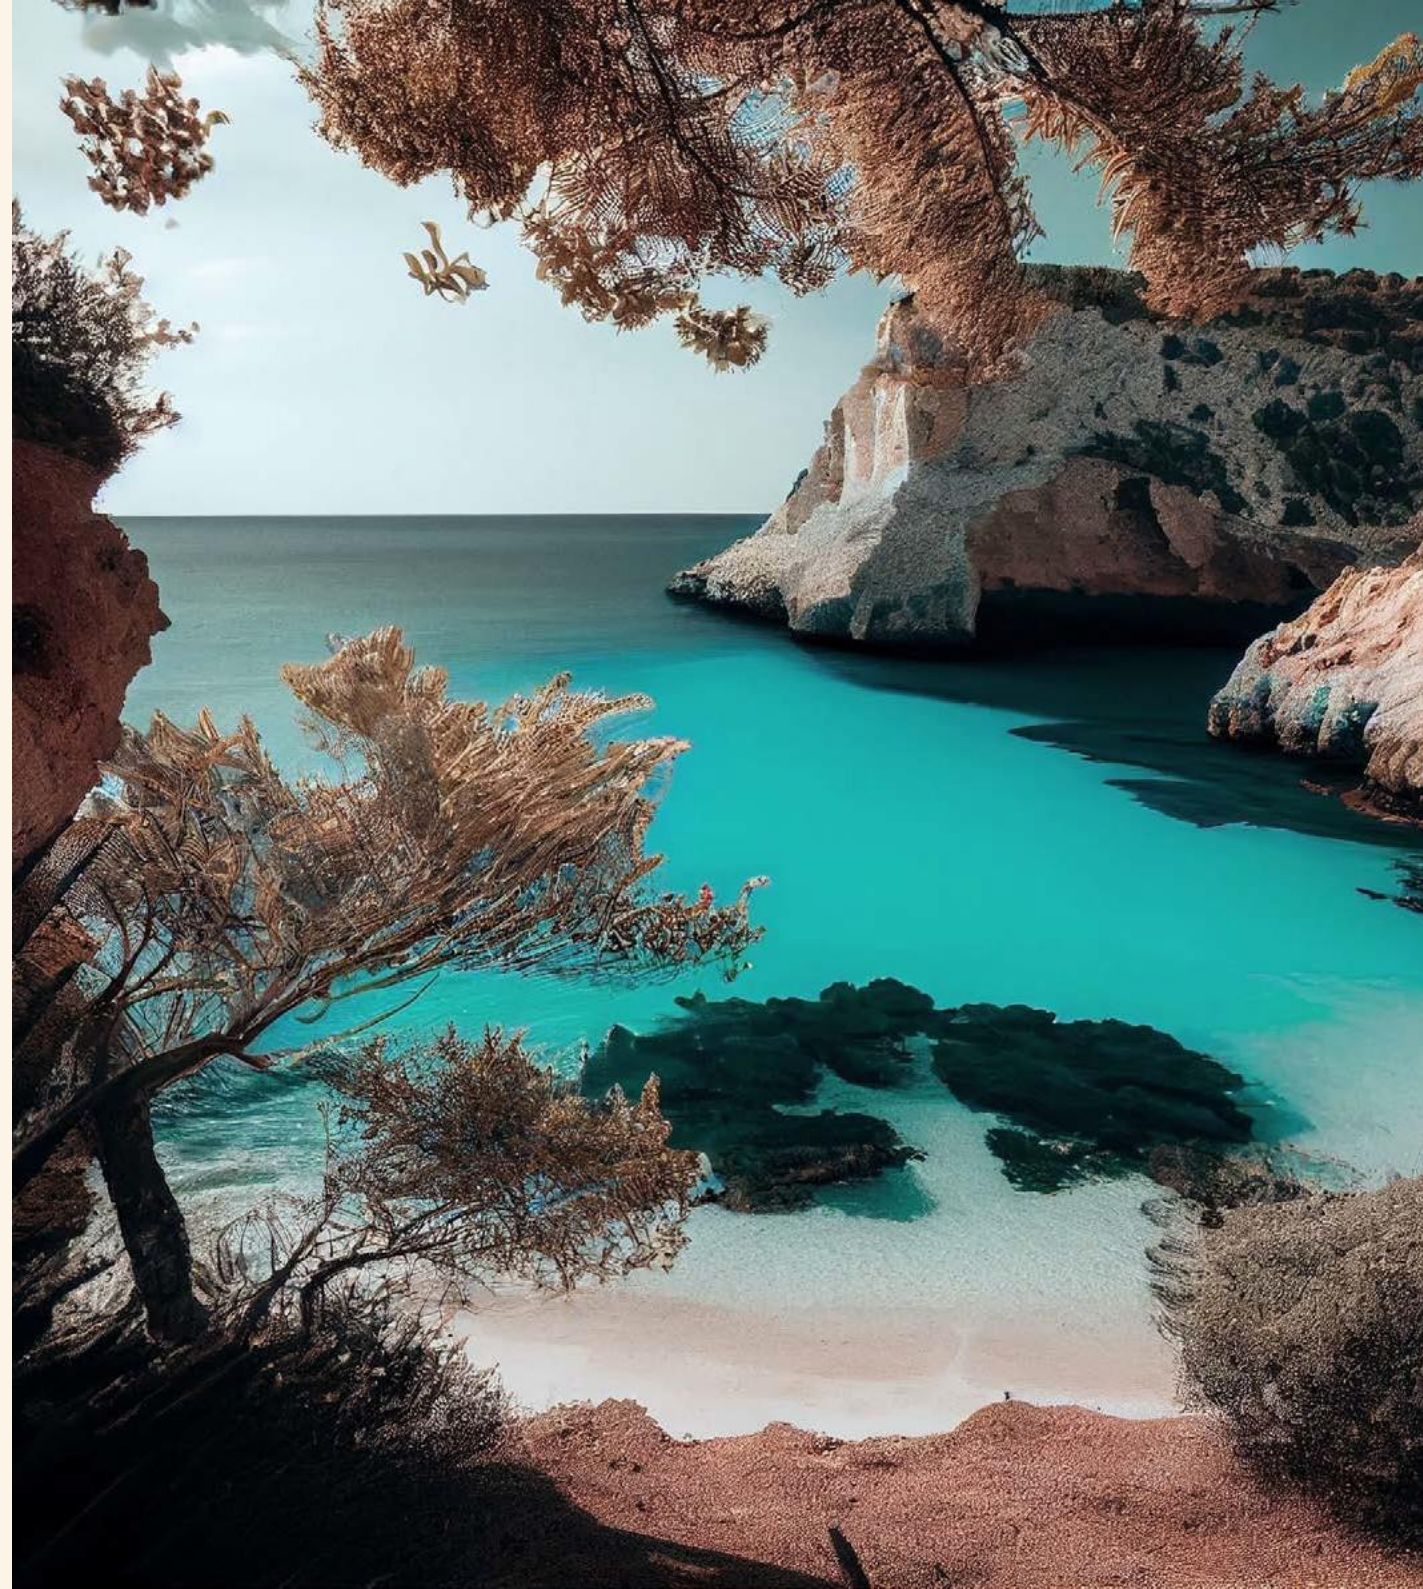

Embark: Blue Marlin Beach Club, Cala Jondal, Ibiza

Disembark: Santa Eulària des Riu, Ibiza

Duration: 3-4 days

Guests: max 8

Beseduced by the vivid sunsets, shimmering lights and rocky aquamarine coves that encircle the island of Ibiza, the third largest of the Balearics off the eastern coast of the Iberian Peninsula. Known for its world famous party scene, there is so much more to the island than meets the eye - visit the ancient shrines and dramatic 16th century ramparts above Ibiza Town or a gorgeous countryside dotted with olive and citrus groves.
